Expired	No ✓

Recommendations

Review the analysis results carefully before installation.

Analysis Limitations

- Static analysis only - runtime behavior not analyzed
- Cannot detect zero-day or unknown malware
- Risk scores are heuristic estimates

DISCLAIMER

This report is provided for informational purposes only and does not guarantee security. The APK Risk Analyzer performs static and sandbox analysis to identify potential risks, but cannot detect all types of malware or malicious behavior. Always download apps from trusted sources. By proceeding with installation, you accept full responsibility for any consequences.
